

## DMM 4 to 990

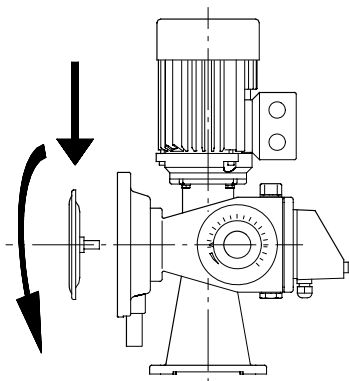

- ⓖB Diaphragm
- ⓓ Membrane
- ⓕ Membrane
- ⓖ Membrana
- ⓔ Diafragma
- ⓓ Diafragma
- ⓖR Διάφραγμα
- ⓓL Membraan
- ⓖ Membran
- ⓕF Kalvo
- ⓓK Membran

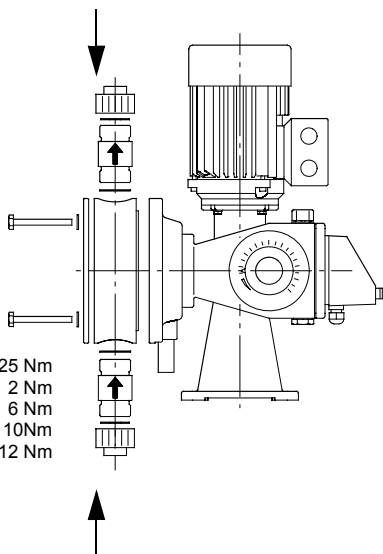

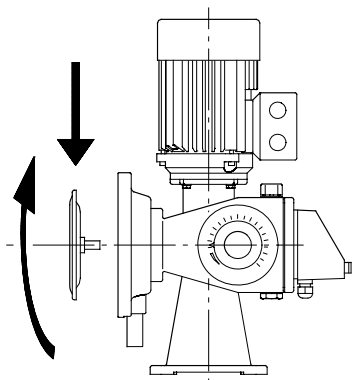

Only DMM 48 and DMM 72

|                      |         |
|----------------------|---------|
| DMM 4 to DMM 23:     | 1,25 Nm |
| DMM 48 and DMM 72:   | 2 Nm    |
| DMM 110 to DMM 260:  | 6 Nm    |
| DMM 290 and DMM 390: | 10Nm    |
| DMM 440 to DMM 990:  | 12 Nm   |

|                                                                                                                    |                                                                                                                                                              |                                                                                                                                         |                                                                                                                                                  |
